

## *VW's Osteopathy*

- **Do aches or pains affect your quality of life?**
- **Do you suffer with sore painful muscles or joints?**
- **Do you need corrective insoles?**
- **Do you have feet or ankle problems?**

**If you can answer yes to any of these questions, why not try Osteopathy.**

Osteopathy can help improve blood and lymphatic flow, relieve sore muscle and joint problems, and help improve your range of movement. Osteopathy is suitable for both adults and children and each treatment is tailored to suit your case.

This practice offers a wide range of treatments including Osteopathy, acupuncture, orthotics (insoles) and simple exercises to do at home.

I trained in London for five years with the College of Osteopaths and am a registered member of the General Osteopathic Council (GOSc) in the UK. Please see their website [www.osteopathy.org.uk](http://www.osteopathy.org.uk) for all registered Osteopaths.
